Re: Plans Required by 1989 Unilateral Order for the Bunker Hill
Smelter Complex

Dear Rob:

Enclosed are copies of the revised PCB Management & Disposal, Asbestos Removal, Monitoring & Decontamination, and Quality Assurance Plans. The PCB and Asbestos plans were submitted by Gulf and the Monitoring & Decontamination and QA plans by Minerals Corporation of Idaho. These plans are just for your information and no written comments are required.

Sincerely,

A handwritten signature in cursive script that reads "Beth Feeley".

Beth Feeley
Assistant Site Manager
